

Gorge Technology Alliance e-newsletter

November 2006

Welcome to the new GTA monthly e-newsletter!

In an effort to streamline the information you receive from the Gorge Technology Alliance, we are introducing the new monthly GTA newsletter. You will still receive member meeting announcements apart from the newsletter, but we'll make every effort to make this a comprehensive resource for GTA members.

In this issue:

- 1) Complete our member survey
 - 2) Learn about the GTA Call for Proposals and Request for Qualifications
 - 3) Find out details about our upcoming membership meeting
 - 4) Submit information for the December newsletter
-

Survey

We are interested in learning how we can better serve our members. We would appreciate if you could spend 10 to 15 minutes to complete our survey and provide input about how the GTA can increase value for its membership and promote high tech in the Gorge. To complete the survey, go to: <http://www.surveymonkey.com/s.asp?u=583702794017>.

Call for Proposals and RFQ's

As mentioned at our last meeting, the GTA has two sources of grant funding: one from the Oregon Investment Board and one from the Economic Development Administration. Both were received to support high tech in the Gorge. If you have an idea or proposal for how we can use these funds to further GTA initiatives, please send a message to Amanda Remington at: amanda@crgta.org for more information. We have the funds, but we need your ideas!

We are still seeking a web developer for assistance with content updates to the GTA website. The RFQ can be viewed at:

<http://www.crgta.org/GTA%20RFQ%20web%20updates.pdf>.

Remember: responses are due by November 10th!

Upcoming Meeting

Our next GTA membership meeting will be held Tuesday, November 28, 2006 at Gorge Networks (616 Industrial Avenue, Suite #401). Our speaker will be Steve Maier with Innovative Composite Engineering. Networking starts at 6:30 p.m.

Submit Information

Included in future mailings will be member spotlights and information, high tech trade show information, and relevant articles... and we're always willing to take suggestions for improvements! If you would like to submit information for the December e-newsletter, please contact Amanda Remington at amanda@crgta.org or 541-296-2266.

Amanda

The GTA is dedicated to supporting and promoting high tech companies in the Columbia Gorge region. For more information about the Gorge Technology Alliance, visit our web site at www.crgta.org
